Day and night,
Rodney would play
games on his tablet
all the time.

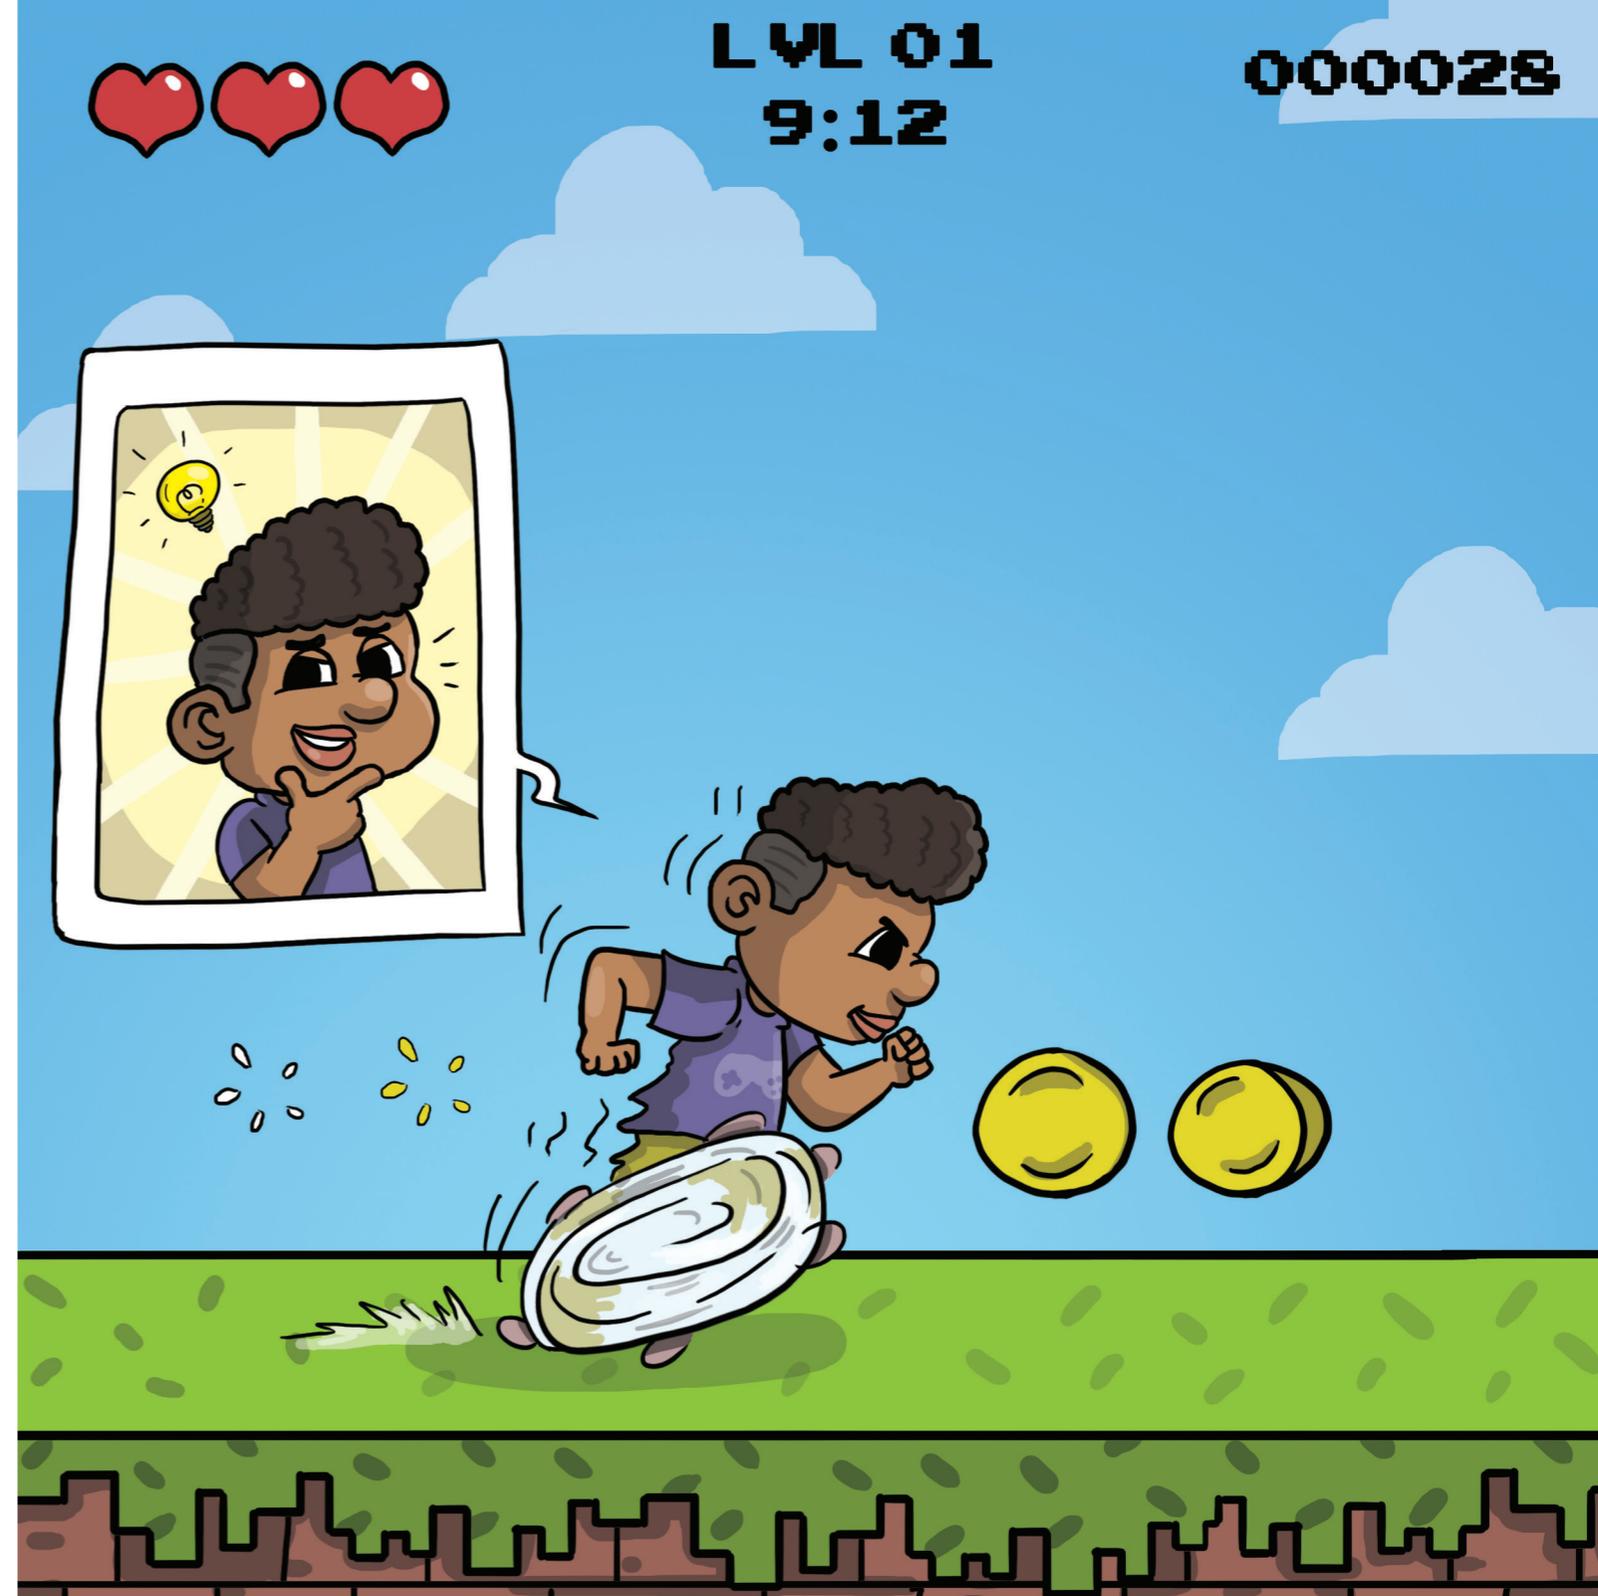

One day he woke
up and found
himself inside a
game!

“Oh no! I am to blame! I have had too much tablet time!” he cried in fear.

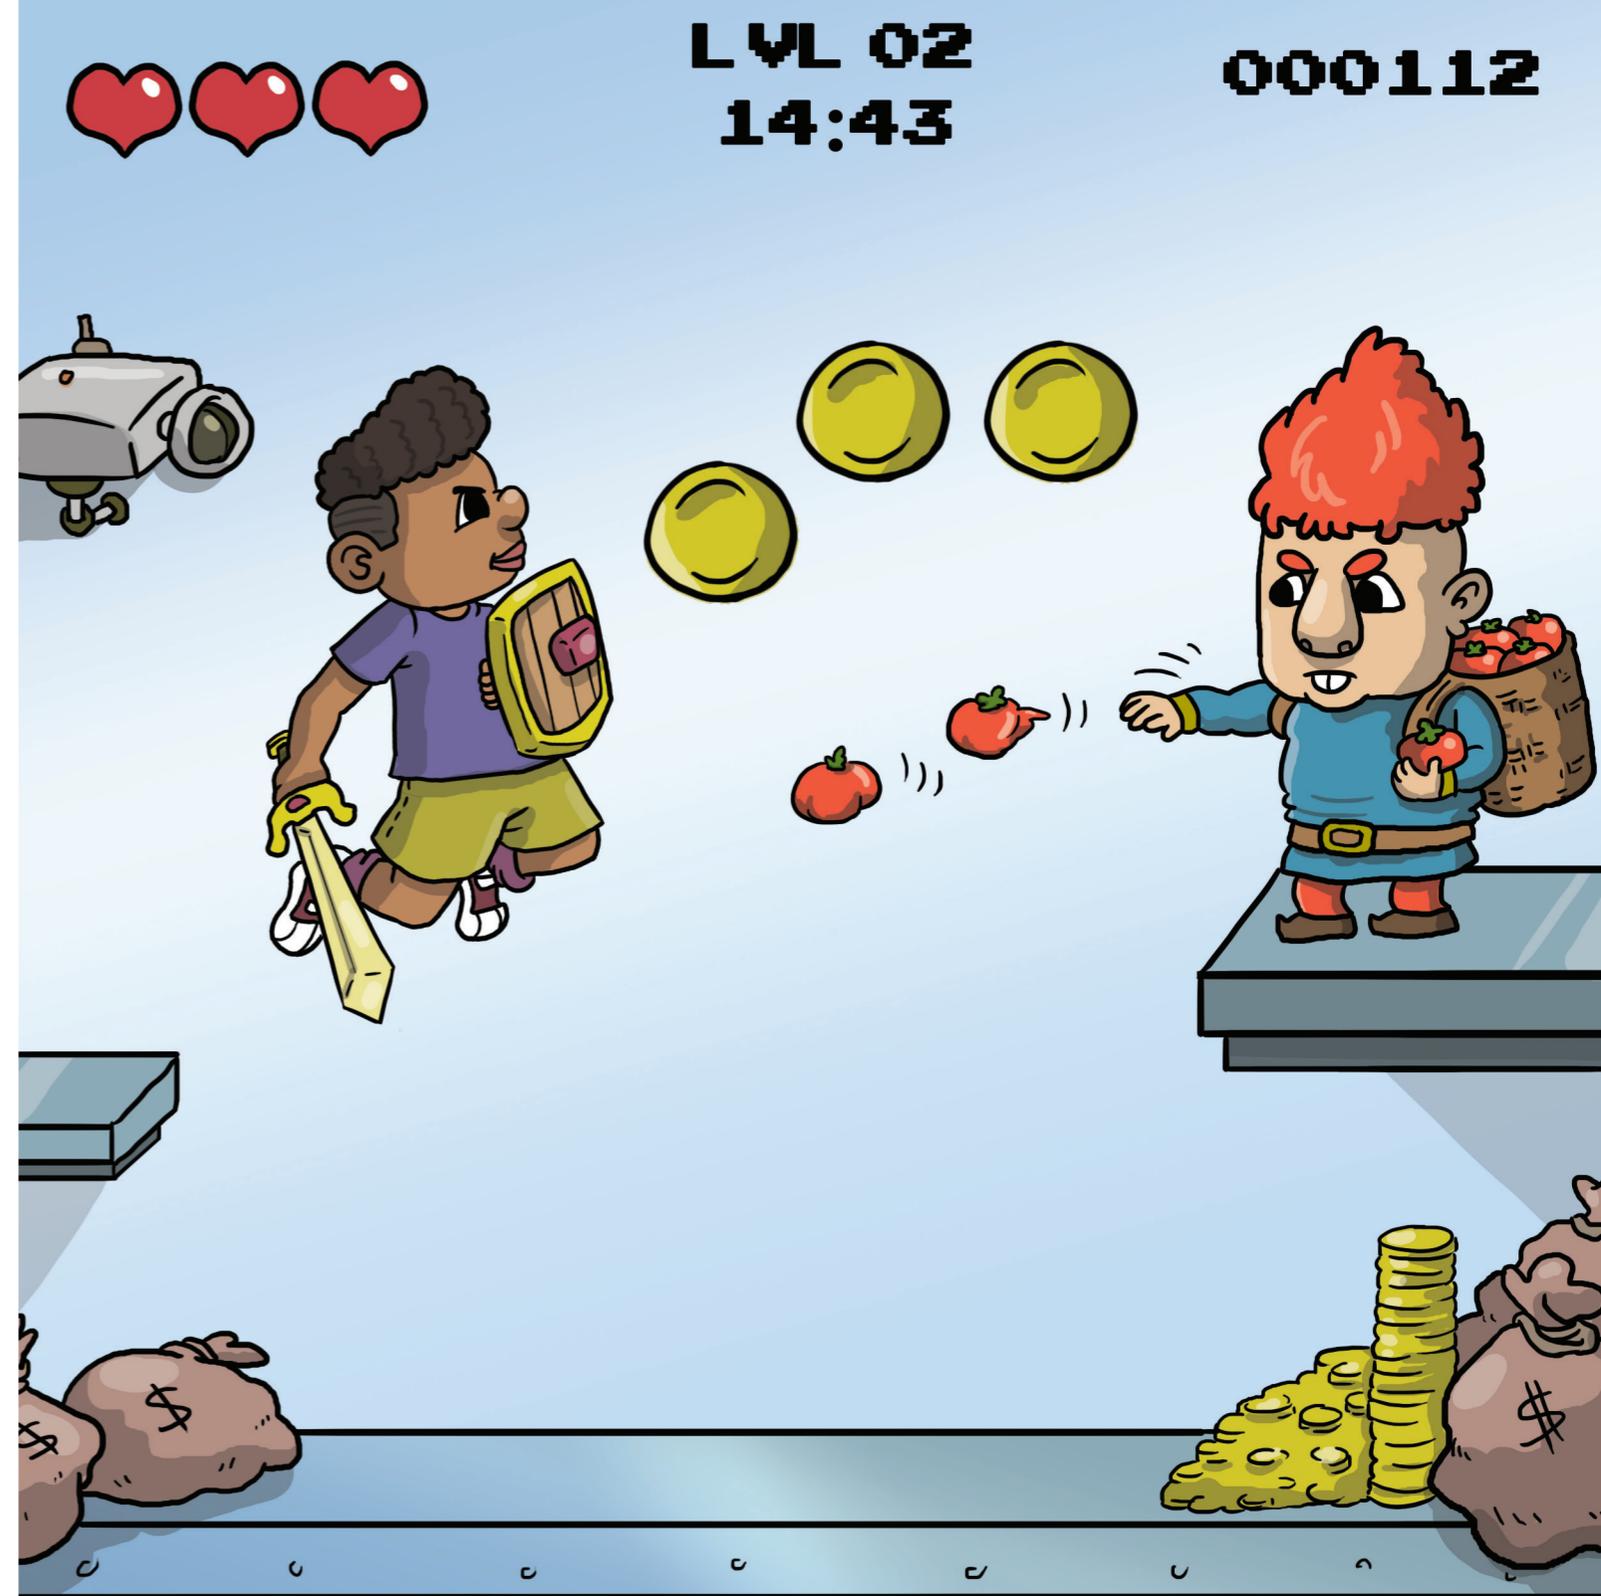

Rodney came up with a plan. If he could win the game, perhaps he would get out of it!

First, he got as much stuff as he could gather, to help him win and escape the game.

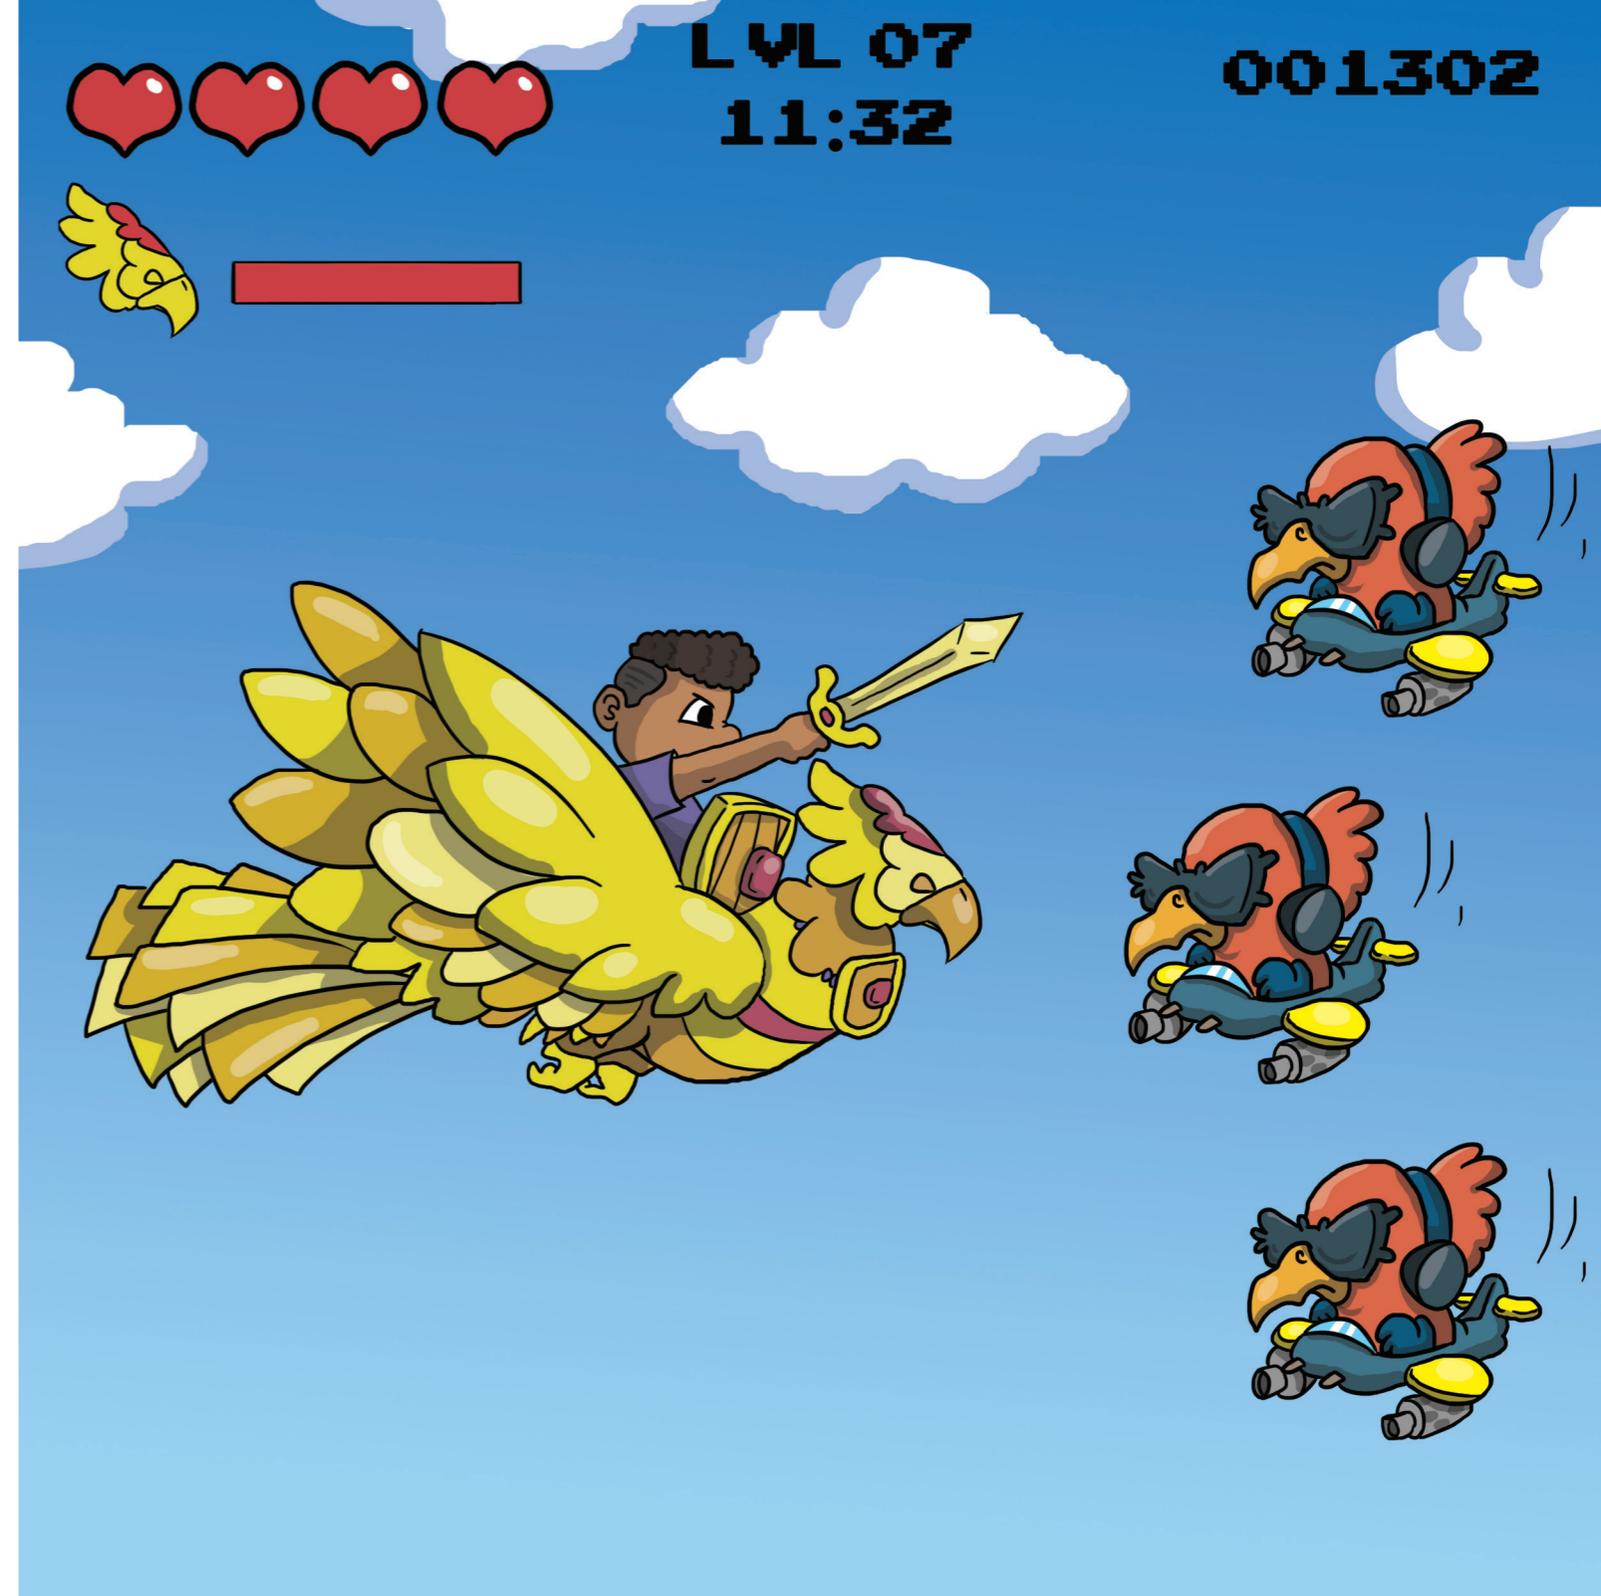

Then he took coins from a safe. He flew from phase to phase and platform to platform.

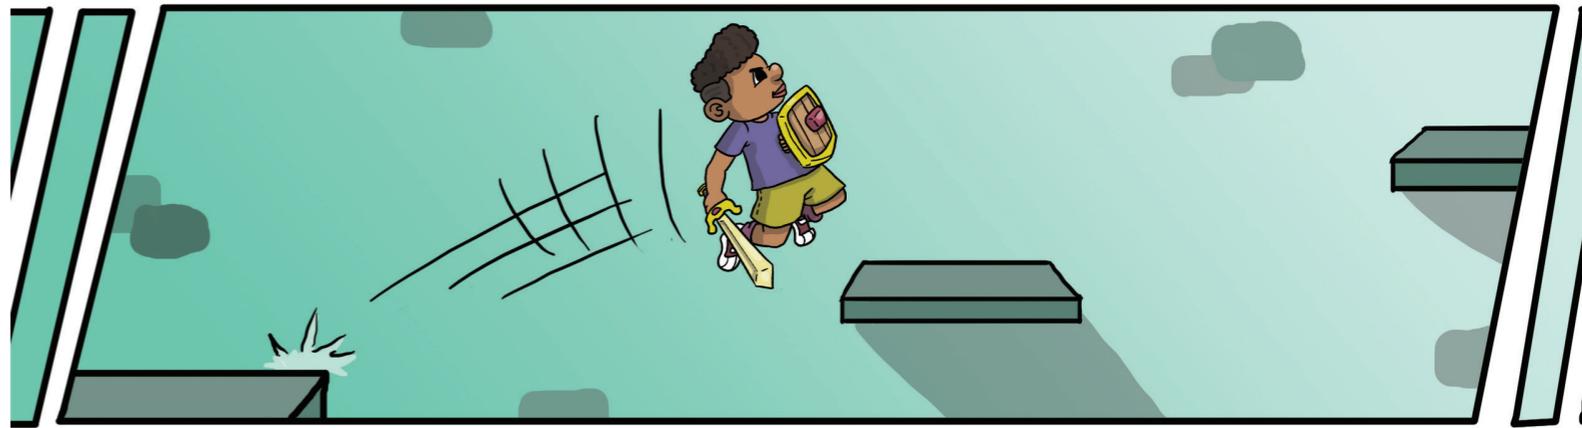

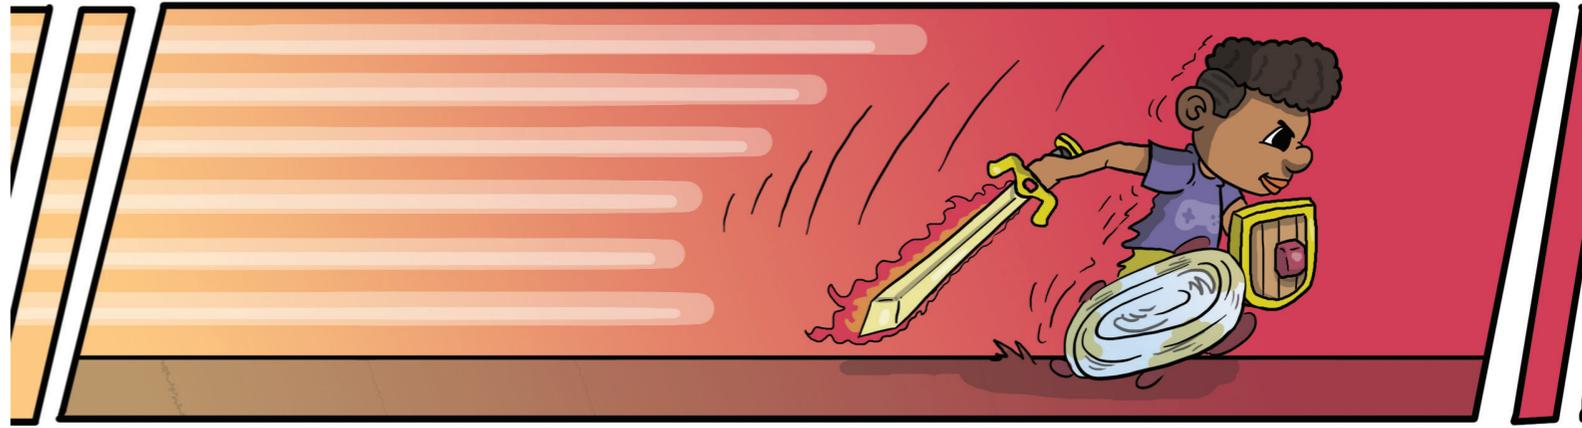

Rodney was brave
and got extra life
stones from a
haunted home.

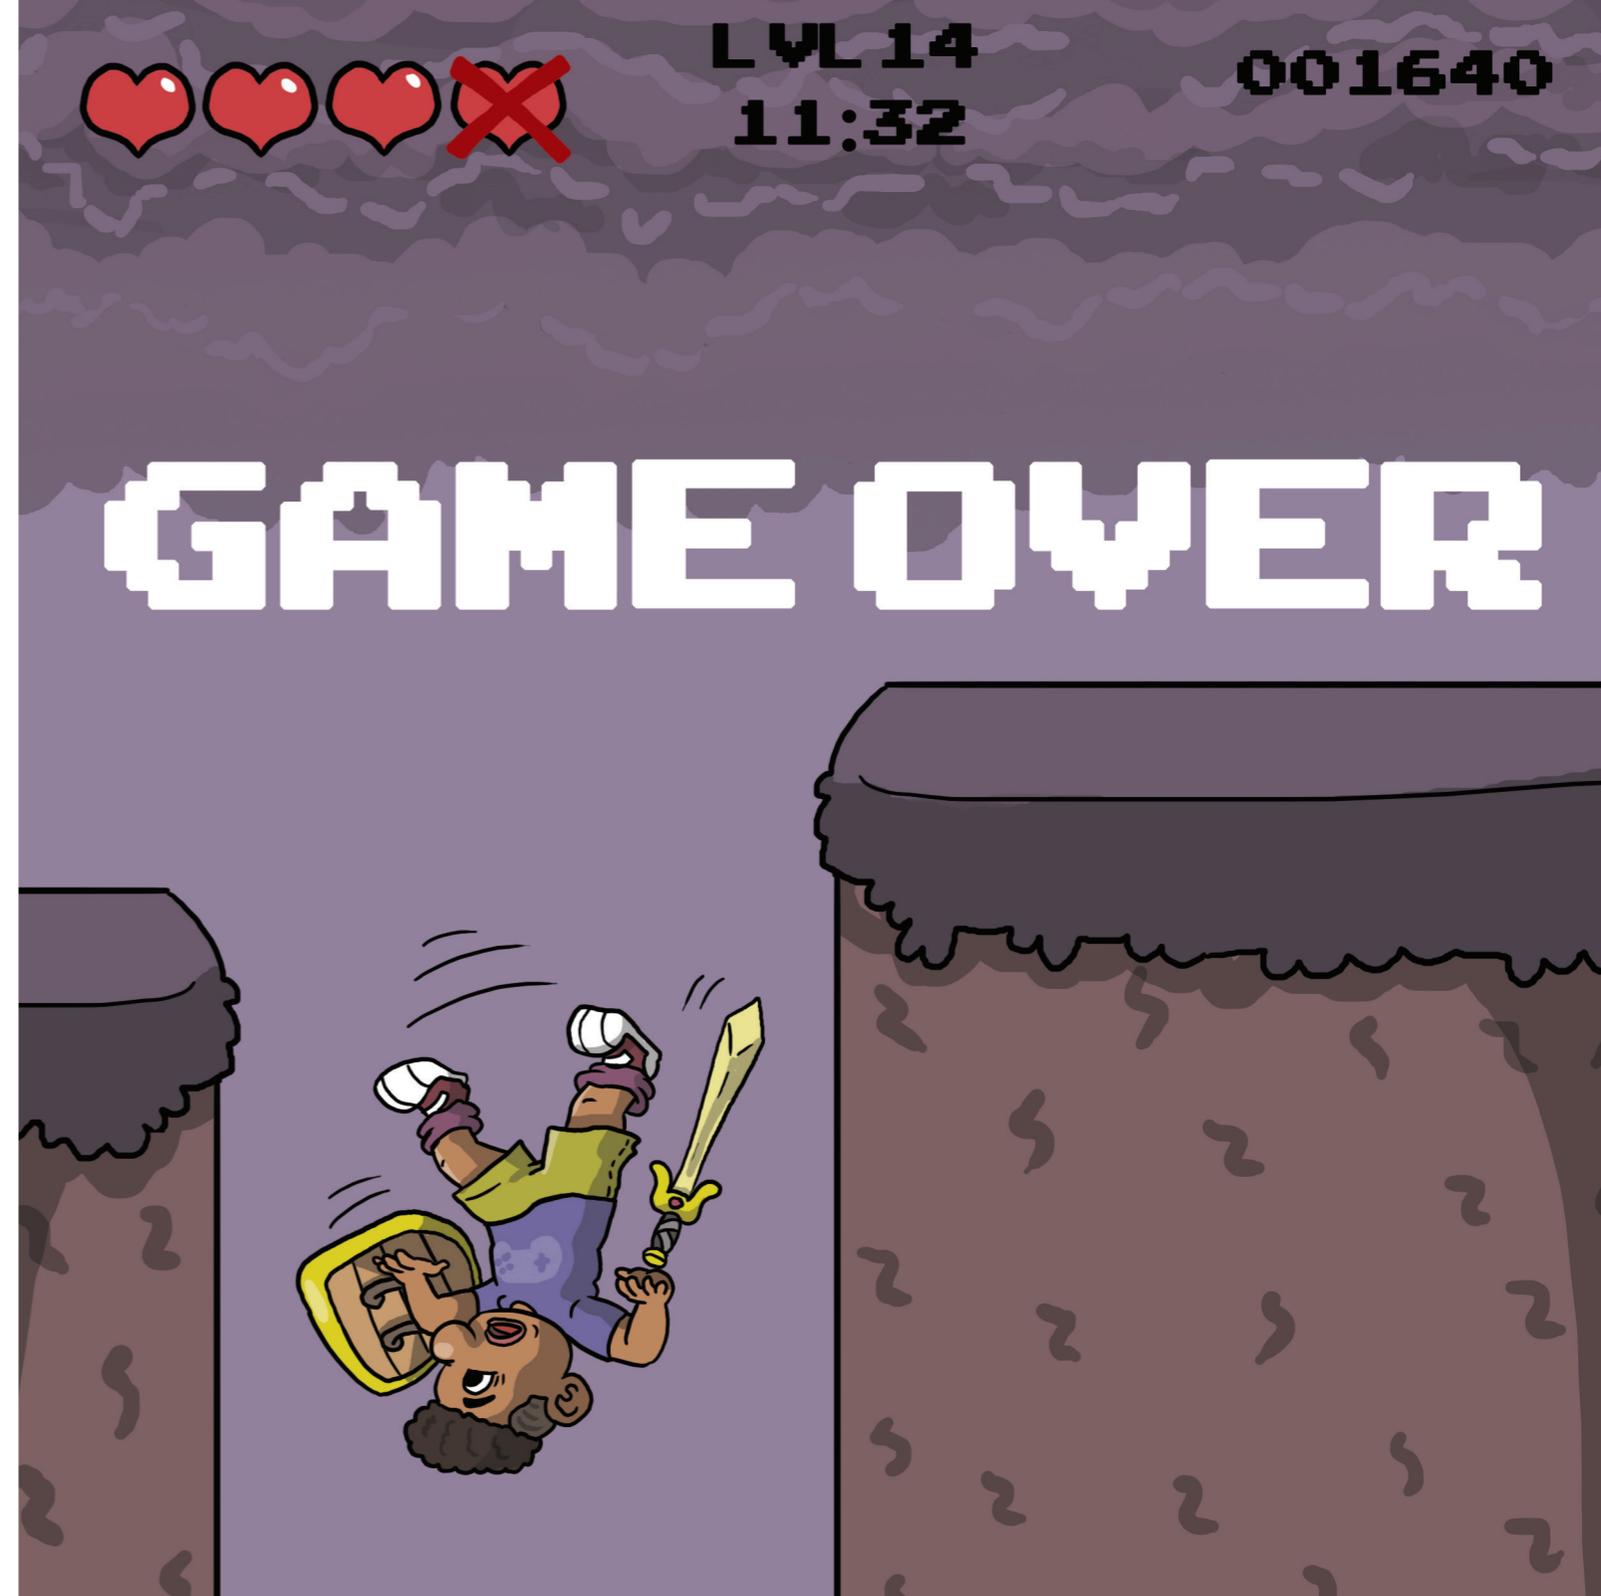

Next he flew up in the air on a bird, in order to launch his attack!

He got new powers
to run quicker, jump
higher and swim
deeper.

One time he even fell into a deep hole. He asked himself if it could be the end for him.

Phew! He found he was fine. He was still in the game but with just three lives left now.

“Should I fight this big boss? Or should I save up my lives? This boss seems to rule the roost.”

Rodney woke up in
bed! It must have
been a dream.
What good news!

“I need to turn this thing off. That was too extreme for me! Perhaps I should read some books!”

Wait! What is that
stuff leaning on
Rodney's bed? Was
it just a dream?

Rodney wakes up and finds himself inside a
video game! Will he survive?
